

# Smart Healing™ in spine

A symposium on new innovations for bone regeneration

12:00-13:30 | Wednesday October 16, 2019

EUROSPINE 2019

Meeting venue 203, 2<sup>nd</sup> floor

Messukeskus Meeting and Convention Center

Helsinki, Finland

LIVE STREAM: [www.bonalive.com/eurospine-2019](http://www.bonalive.com/eurospine-2019)

**bonalive**

## **Bioactive glass | 12:00-12:15**

The role of bioactive glass in bone regeneration and infection management in the spine

Assoc. Prof. Nina Lindfors, Finland

## **Spondylodiscitis | 12:15-12:30**

Bioactive glass S53P4 as bone graft substitute in spondylodiscitis fusion surgery – a prospective study

Dr. Markus Pietrek, Germany

## **MIS surgery | 12:30-12:45**

S53P4 bioactive glass putty in MIS spine surgery

Adjunct Prof. Janek Frantzén, Finland

## **200 patient series | 12:45-13:00**

Retrospective analysis of 200 patients in PLF, PLIF and TLIF fusions - the Helsinki University Hospital experience

Dr. med. Tom Asklöf, Finland

## **TLIF procedures | 13:00-13:15**

Experience with S53P4 in TLIF procedures in comparison with other bone graft substitutes

Dr. med. Paul Licina, Australia

## **Discussion | 13:15-13:30**
